## Purpose:

A degree audit is an analysis that enables students to access their academic progress and unfulfilled degree requirements.

Process: To Access a Degree Audit

1) Log into your EmpowerMe account at www.mercycollege.edu/empower.
2) Select the *Student Records* Tab.

3) Select the Degree Audit link

4) Select the *Degree Audit* button to view the audit
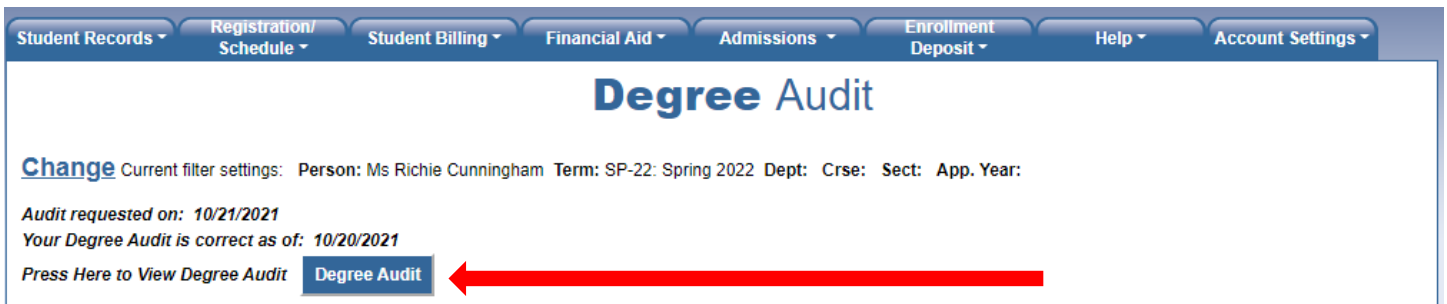

a. The degree audit is current as of the date established here. Email registrar@mercycollege.edu to request an updated audit.

5) Select Show/Hide for each group and subgroup of the degree audit or select printable version (preferable) to establish the degree audit in its entirety.

To Interpret a Degree Audit:

1) Once expanded or the printable version is selected a degree audit will look similar to the example below (printable version shown here).

MercyCollege of Ohio

Your Degree Audit is correct as of 06/19/2019

Test, Student

ID:		**Term:**	Spring 2020	**Class/Div:** Sophomore

Catalog, degree, major, minor, and specific notes concerning the degree audit are found here. the primary (1st) degree, major, minor pursued is represented on the audit.

3) Degree audit groups (highlighted green) are defined:

A degree audit holds groups and subgroups. Groups, designated in green, represent the totals of specific subgroups. <u>The requirements in each group must be met to graduate.</u>

1. Totals - represents all graduation requirements of all other groups and subgroups. It provides the total credits, points, attempted credits, transfer credits, GPA, and etc.

2. First Major Requirements - represents all major (1st pursued program) level requirements. This includes specific courses found in the program curriculum.

3. General Education Requirements - represents all college general education level requirements for the general degree pursued. This includes the number of courses/credits required in each general education area and in total.

4. College Requirements - Represents all college level requirements for the general degree pursued. This includes total earned hours, residency, and religion requirements.

5. Minor Requirements - represents all minor level requirements for a pursued minor.

Subgroups are titled based upon the specific requirement and are highlighted in blue. For an example, the "AAS Nursing Required Program Courses" subgroup holds all nursing core course requirements that must be met. The specific requirements within that group are listed below it.

A group or subgroup is confirmed as complete or met when YES is established in green. The group or subgroup is not confirmed as complete or met when NO is established in red. The group or subgroup is not met but in-progress of being met when IP is established.

5) Major requirements are continued to be shown, "and/or" statements are explained, and requirement "needs" and "haves" are defined:

NUR 243 TRANSTN TO PRACTICE	1.00 C						
NUR 246 CLINICAL PRACTICUM	1.00 C						

Total requirements are designated at the top of each group as a NEED. This can be a resident (Res) requirement, taken at Mercy College, or a general (Tot), requirement, not necessarily taken at Mercy College. For an example, 9 total courses are needed in the "AAS nursing general education course" group.

Below the stated need, the requirements that HAVE been met are designated. This again corresponds to the need type (Res or Tot). When the designated needs have been met they will be presented in the color blue, otherwise, they are in the color red. For an example, 6 courses have been completed out of 9 required in the "AAS nursing general education courses" group.

Within each subgroup specific course NEEDS are designated on the left and on the right the courses that HAVE been completed are designated. If a needed course does not have a corresponding course next to it on in the have section it has not been met.

Please note: Many course requirements (needs) can be completed in multiple ways. Please reference the "and" and "or" statements to determine this. For an example, a student in the AAS nursing program can complete MTH 104 or MTH140 to complete the requirement. They do not need to take both.

6) Major requirements are continued to be shown, and course/requirement content details are defined:

Information regarding the completed course requirements are presented here.

The info column designates such items as transfered courses, waived or substituted courses, or if the course is currently in-progress.

Course credit, grade, and term the course was taken is also established. A "T" grade and TR-XX term means the course was transfered.

Humanities Elective

Humanities Elective		Humanities Elective(s)				Subgroup Met? YES	
Res Need:	Courses: 0 Credits: 0.00	Tot Need:	Courses: 1	Credits: 0.00		GPA: 0.000	
Res Have:	Courses: 1 Credits: 3.00	Tot Have:	Courses: 2	Credits: 6.00		GPA: 3.000	
				Qlty Points: 9.000	Attempted 3.00		

*Some requirement groups do not designate specific course requirements below them. This is because a range of courses could complete the requirement. Rather, here, it will simply designate the total **need** and total **have**. For an example, there is a requirement of 1 humanities course (Art, Communication, etc.) in the AAS nursing curriculum and 2 have been completed, so the need is met.*

AAS Nursing Required Program

A...		...Nursing Program Required Courses				Subgroup Met? NO
