

Mercy College of Ohio

Associate of Science in Health Information Technology

Program Outcomes Data

Graduation Rates (within 150% to completion)

Cohort Year	On-Time Completion Rate
2018	22%
2019	20%
2020	30%
2021	38%
2022	13%

Percent completion "within 150% to completion" is the percent of students who complete the two year program within three years or less of enrollment in the program.

Retention Data (Year-To-Year)

Year	Retention
2020	47%
2021	23%
2022	58%
2023	45%
2024	73%

The Retention Rate compares (a) the number of program students enrolled for the Fall term of the pertinent year who return for the Fall term of the following year and (b) the number of "potential returning students". "Potential returning students" are program students who attended the Fall semester of the listed year and did not graduate before the next Fall semester.
