Program Outcomes Data

Graduation Rates (within 150% to completion)

Cohort Year	On-Time Completion Rate
2017	57%
2018	70%
2019	77%

Percent completion "within 150% to completion" is the percent of students who complete the two year program within three years or less of enrollment in the program.

Retention Data (Year-To-Year)

Year	Retention
2020	74%
2021	53%
2022	66%
2023	63%
2024	46%

The Retention Rate compares (a) the number of program students enrolled for the Fall term of the pertinent year who return for the Fall term of the following year and (b) the number of "potential returning students". "Potential returning students" are program students who attended the Fall semester of the listed year and did not graduate before the next Fall semester.
