Addendum to the Radiologic Technology Program Handbook – AY 21/22

The following are new policies were added to the Program Handbook on October 21, 2021:

Device and Patient Holding Policy

Students are not permitted to hold image receptors during any radiographic procedures. Students also should not hold patients during any radiographic procedure when an immobilization method is the appropriate standard of care.

Surgical and Mobile Supervision Policy

Students must be directly supervised during all surgical and mobile procedures, including mobile fluoroscopy, regardless of the level of competency achieved.
